SUMMARY

Detail-oriented Full Stack Developer with experience in designing and developing scalable web applications using Java Spring Boot, Node.js, and the MERN stack. Proven ability to integrate RESTful APIs, optimize backend processes, and enhance user experience. Passionate about leveraging innovative technologies to deliver impactful solutions in a collaborative environment.

EXPERIENCE

Software Engineering Intern – Gamage Recruiters (2024 Sept - 2025 March)

- Developed and maintained full-stack web applications.
- Conducted application testing and debugging.
- Identified and fixed software bugs to improve performance.
- Collaborated with the development team to enhance application features.

Software Engineering Intern (Project Based) – CypsoLabs (2024 Dec - 2025 March)

- Contributed to the development and maintenance of web applications using Spring Boot, Next.js, Tailwind CSS and Node.js.
- Fixed bugs and enhanced application performance.
- Used ClickUp for task tracking and project updates.

PROJECTS

Speakraft – AI-Powered Presentation Skills Trainer (Node.js, Python, React)

Role - Full Stack Developer

- Designed and developed an AI-based multimodal system to evaluate and improve the presentation skills of Sri Lankan undergraduates (Fillers, Loudness, Pace & Rate, Face)
- Implemented filler word detection using MFCC feature extraction and an MLP classifier for post-presentation analysis
- Generated user-specific reports, visual analytics, and guided exercises to support continuous skill improvement
- Research Portfolio: <https://speakraft.github.io/SpeaKraft-Website/>

Social Media App (Java Spring Boot, React, MongoDB)

Role - Full Stack Developer

- Implemented CRUD operations for sharing meal plans and workout routines
- Integrated Google OAuth login for secure authentication
- Enabled user profile creation, including fitness goals and progress tracking
- Added functionality to like, comment, and share meal plans and workout routines

Fleet Management System - Website (MERN Stack, Material UI)

Role - Full Stack Developer

- Salary and leave management for fleet personnel
- Implemented CRUD operations for vehicles, drivers, and employee records
- Search and filter functionalities for quick data access and management
- PDF report generation for fleet logs, salary slips, and leave summaries

Student Management Mobile App (Kotlin, Android Studio, Firebase)

Role - Full Stack Developer

- Integrated Firebase authentication for secure user login
- Enabled student enrollment and attendance tracking
- Included class location management for scheduling
- Displayed student marks and performance metrics

COMPETENCIES

- Programming Languages: Java, JavaScript, C#, Python, C, C++
- Frameworks & Libraries: .Net, Angular, Spring Boot, React, Express.js, Material UI, Bootstrap
- Web Development: HTML, CSS, MERN Stack (MongoDB, Express.js, React, Node.js)
- Backend Development: REST APIs, CRUD Operations, Server-Side Logic
- Database Management: MySQL, MongoDB, Firebase, Oracle
- Tools: Git, Visual Studio Code, IntelliJ IDEA
- Soft Skills: Leadership, Communication, Problem-Solving, Teamwork, Adaptability

CERTIFICATIONS

- Dean's List - Year 4 Semester 1
- Dean's List - Year 4 Semester 2
- Crash Course: AWS Basics - KodeKloud
- Crash Course: Docker For Absolute Beginners - KodeKloud
- Crash Course: Kubernetes For Absolute Beginners - KodeKloud
- Add and size disks in Azure virtual machines - Microsoft Learn
- Introduction to Azure virtual machines - Microsoft Learn
- AWS SimuLearn: Computing Solutions - AWS SkillBuilder
- Successfully Completed C# and .NET Essential Training
- Successfully Completed Oracle Database 19c: PL/SQL
- Successfully Completed Arduino Beginner Course at Nenasala
- Successfully Completed MongoDB Intro Course

EDUCATION

Undergraduate (2022 - Present)

BSc(Hons) In Information Technology Specialization in Information Technology
Sri Lanka Institute of Information Technology (SLIIT)

- Academic Semester - Year 4 Semester 2
- CGPA - 3.34

Schooling - Central College Kuliyaipitiya

G.C.E Advanced Level (2020)

- Combined Mathematics - C
- Physics - C
- Information Technology - B

G.C.E Ordinary Level (2017)

- 5A's, 4B's

EXTRACURRICULAR ACTIVITIES & LEADERSHIP

- Secretary(25/26), Former Assistant Treasurer (24/25) – IT Student Community, SLIIT
- Active Member – Microsoft Club, SLIIT; Leo Club, SLIIT; SEDS Club, SLIIT
- Cadet Leader – Eastern Band Competitions (2016–2019)
